

## EASETUBE™ and Beauty Safers

### installation in all dm stores in Bulgaria

MW Security installation of EASETUBE™ for protection of cosmetic products has proven to be a great success.

MW Security's distributor Glove signed a contract with dm drogerie stores in Bulgaria to protect their Health & Beauty products with MW Security EASETUBE™ and beauty safers.

The line of products are from Loréal, Maybelline and MaxFactor, as well as to protect perfumes with beauty safers.

Trays to fit exclusively for these brands are manufactured by Glove in Bulgaria.

Customers experience the EASETUBE™ as nicer and more selling in display while at the same time being guaranteed that the cosmetic purchased are in mint condition.
